

# VOLUNTEER FOR MELBOURNE'S NEWEST SOCIAL ENTERPRISE

## LOCATION:

Nightingale Housing 1 Precinct, 6 Florence Street, Brunswick  
(right next to Anstey Station).

## A BIT ABOUT US:

We are beyond excited to be launching home.one in a few short weeks. Following in the footsteps of our other social enterprises Crêpes for Change, The Coffee Cart Changing Lives and Three Bears, this micro-café will push the boundaries with our innovative menu items, serving porridge and bircher in the mornings and filled bagels in the afternoons alongside specialty coffee all day long.

What's more - we're 100% non-profit and exist to help young people. Specifically, our profits are reinvested into helping the 1 in 8 Australian children who go to school hungry each day, as well as the 40,000 young Australians currently experiencing homelessness across the country.

## THE VOLUNTEERING PROGRAM:

We're looking for all-rounders who are passionate about social change to help us operate the new shop!

No experience is necessary - we'll teach you! There's plenty of scope to get training in food prep, coffee & general hospo skills, so it's a great personal development opportunity.

The commitment is for a 3 month term, and we're looking for people who can volunteer set days at least once a fortnight (but preferably once a week or more).

## THE PERKS:

- A free home.one t-shirt designed by our mates at Oli Clothing (include picture)
- A great opportunity to receive training in hospitality, food service, and making espresso and filter coffee
- You'll be helping young people in need and having a huge positive impact on society
- You'll be part of the broader network of changemakers in the Crêpes for Change network
- Regular social events

## TO APPLY:

Send an expression of interest (tell us about yourself!) with your availability and an idea about how often you'd like to volunteer to [maivi@crepesforchange.com](mailto:maivi@crepesforchange.com)

But hurry - first in, best dressed!

# A BIT MORE ABOUT OUR IMPACT...

100% of our profits go towards the causes we care about just like our other social enterprises, but our impact model involves so much more than that and deserves some explaining.

**PROFITS:** home.one will employ a split-profit model: the proceeds of each bowl of porridge sold is donated to Eat Up Australia to help feed the 1 in 8 Aussie kids who go to school hungry every day. The profits from sales of coffee and bagels are reinvested into our main goal of alleviating youth homelessness and helping the 44,000 odd young people who are currently sleeping rough every night.

**TRAINING AND EMPLOYMENT:** home.one will provide vital training and employment opportunities for young people from Launch Housing and other organisations that help young people in need of a helping hand. Their wages will allow them to pay their rent, live independently and establish a happy and healthy life for themselves.

**ENVIRONMENT:** We think environmental sustainability is an essential part of any business, but especially social enterprise. That's why all of home.one's packaging is biodegradable and compostable. The electricity in the shop is 100% fossil fuel free, all of the food is vegetarian and vegan, and we're also developing a ground-breaking reusable coffee cup program with our friends at JOCO Cups.
